

Cherry blossoms
Late March to early April

Chinese trumpet vine
July to September

Circular Field
A large circular field measuring 500 meters in circumference, great for enjoying walks or relaxing on the ground.

Musashi no Ike Pond
Contains Ogi no Taki Waterfalls. Kingfishers and spotbilled ducks visit the water areas.

Mist Fountain
Operates on sunny days from May to September

Miharashi Stairs
The stairs have a Meeting Bridge at the top, linking the northern and southern sides. You can also see the SkyTree on a clear day.

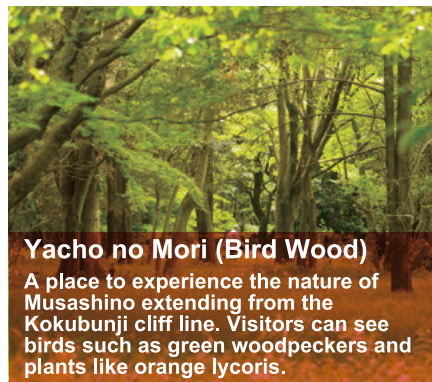

Park Flowerbeds
The flowerbeds bring distinctive colors for each of the four seasons to the park. They are carefully looked after by volunteers.

Railway School Monument
The motif of a driving wheel for a steam locomotive is used as a symbol for the railways in this monument.

Komorebi Field
Wide grass lawn surrounded by trees, perfect for enjoying a picnic.

Yacho no Mori (Bird Wood)
A place to experience the nature of Musashino extending from the Kokubunji cliff line. Visitors can see birds such as green woodpeckers and plants like orange lilycoris.

MUSASHI KOKUBUNJI Park

Tokyo Metropolitan Musashi kokubunji Park

Opened: April 1, 2002
Area: 114,608.43m² (as of April 2019)
